

Together In My Education

A home learning programme for Grade R and Grade I

Our young children can't afford to lose more learning time.
The **TIME** home learning programme is going to print! We are offering it to schools, families and communities to use with as many children as we can reach, working together.

TIME is a high quality programme! See example pages [here](#).

- ★ TIME provides simple daily activities for parents and caregivers to do with their children.
- ★ TIME builds foundational language, mathematics and life skills.
- ★ TIME was developed by leading NGOs and will reach families through collaborative NGO and government partnerships.
- ★ TIME resource packs will be available for each term for Grade R and Grade I.
- ★ TIME is produced in Afrikaans, English and isiXhosa.
- ★ TIME is open source. Resources and support are available online at www.wwhomeliteracy.org.za.
- ★ TIME resource packs are printed in bulk to achieve the lowest unit price.

How can YOU spread **TIME**?

- ★ Ask your local school if there are families that need support to use the programme. Contact christine@wordworks.org.za for orientation.
- ★ Ask your business to print packs for employees with young children. Request print pdfs [here](#).
- ★ Ask your school to print packs and distribute to under-resourced schools. Request print pdfs [here](#).
- ★ Join our bulk print – packs only cost R50 per family for a year of daily activities!
 - [Sponsor](#) packs to be distributed by the Department of Education and NGOs.
 - [Order](#) packs for your network.

TIMETABLE

We are working against the clock!

- ★ **8 Feb:** Deadline for Term I orders
- ★ **11 Feb:** Programme orientation online
- ★ **3 Mar:** Packs ready for you

IT'S TIME

For a home-learning programme
For me,
For my teacher, my family, my community
to work together.
Together In My Education.
TIME.
